COMMISSIONERS' REPORT

To the Citizens of Hillsborough County:

The Board of County Commissioners submit their annual report, in accordance with the Public Laws of the State of New Hampshire for the year ending December 31, 1949, together with reports of the County Treasurer, Clerk of Court, County Solicitor, Sheriff, Jailer, County Farm Superintendent, County Hospital Superintendent, County Physicians, Chaplains and County Extension Service.

This year the report shows slight increase in the total Public Welfare Expenditures, but this increase was not as large as the Hillsborough County Delegation and the Commissioners anticipated, which brought a sizeable balance in the County Treasury at the end of the year.

Board and care of children shows the largest increase over the year 1948. This is due to a larger number of children that the County has to support.

New roofs were put on the Manchester and Nashua Court Houses, and some painting was done inside the Manchester Court House.

It is the intention of the Commissioners to do some painting at both Court Houses every year until they have been entirely repaired.

We have institutions in Hillsborough County which are the envy of all and we invite your inspection at your convenience and any constructive criticism that you may offer.

Needless to say that in any institutions as large as the Hillsborough County Farm and Hospital, there is always room for improvement. The Commissioners intend to improve these institutions so as to make them the best possible without any special appropriations.

Mrs. Marion Lamy continues as superintendent of the hospital.

Dr. Harold I. Loverud is Chief of Staff, Dr. Richard Backus and Dr. Lionel Lavoie are house doctors.

The training school was under the direction of Miss Mary Durning Davis, R. N. B. S. and Miss Genevieve Tilton, R. N., is the assistant to Mary Durning Davis, R. N. B. S., as nursing instructor. Miss Helen Sullivan is our X-Ray and medical technician. Mrs. Anna King is the dietician.

Mr. Leon Flanders continues as Superintendent of the farm. Mrs. Leon Flanders is the Matron. Mr. Edward Flanagan is the Assistant Superintendent.

The Commissioners wish to express their most sincere gratitude and thanks to the Medical Staff, Chaplains, Superintendents and the entire personnel of the farm and hospital for their kind co-operation and services. We wish to express our thanks also to all state officials, Mayors of Manchester and Nashua, Commissioners Frank X. Carroll of Manchester and Irene Ravenelle of Nashua, Selectmen of Towns, Overseers of the Poor and Private and Public Agencies who have assisted us in our duties in serving the public of our county. To our Executive Legislative Committee we extend our appreciation, Michael S. Donnelly, Chairman, of Manchester; Ernest Q. Bigelow, Clerk; Louis R. Paquette, Mabel T. Cooper, Joseph Betley, Arthur E. Thibodeau, David J. Barry, Frederick H. Fletcher, Jos. S. Daniels, for their helpful suggestions in preparing the budget and for their fine co-operation during their term of office.

Sincerely submitted,

HONORE E. BOUTHILLIER, *Chairman*
LEONELLO BRETON, *Clerk*
DONAT L. BOULANGER

The many improvements during the year 1949 have added greatly to the appearance and also to the efficient workings of the hospital.

All of the rooms and wards have been re-decorated or are in the process thereof.

Several pieces of small equipment and new surgical instruments have been added to our already well equipped operating room.

The fine co-operation of the Commissioners, the Medical Staff, the Superintendent of the County Farm, Mr. Leon Flanders, and its personnel, and the whole-hearted co-operation to the entire hospital personnel, have the year 1949 one of our best years, if not our best.

To the many organizations and individuals who so generously contributed their time and ability to make the patients'

stay in the hospital more pleasant, especially on the special holidays and through the holiday seasons, by singing carols, distributing gifts, and bringing good cheer in many ways to the patients, I want to extend my heartfelt thanks.

The following are some of the contributors: Community of Dunbarton, South Main Street Church of Manchester, Business and Professional Women of Manchester, the Sunday School of Goffstown, the Girl Scouts of Weare and Goffstown, the Pomona Grange, the Shirley Club, Manchester Chapter of the Red Cross, the Riverside 4-H Club of New Boston, the Lutheran Church of Manchester, and many individuals who did not leave their names.

Respectfully submitted,

MARION G. LAMY,
Superintendent.

SUPERINTENDENT'S REPORT

To the Honorable Board of County Commissioners:

GENTLEMEN :

We find ourselves at the close of a very busy year—1949.

All necessary improvements were made, such as interior painting of all wards.

New tile floors were laid in Ward 4—Men's. Walls and ceilings painted and a general overhauling of this Ward.

In Women's Wards, both floors were put in first class condition; new tile laid where needed and replacements of tile in old floors.

Glassed-in porches were built on first and second floors of Women's Wards.

The roofs of all buildings were gone over and slates replaced where needed.

In House of Correction: a new floor was laid in turnkey's office; interior painting done throughout the building; a new chain-link fence built outside House of Correction.

The Dairy and Milk Room gone over and in good condition.

The Hennery was increased by 400 laying hens.

Although the season of 1949 was very dry, our harvest of crops was excellent. We had a bumper crop of 4728 bushels of potatoes, the largest number of bushels on record here.

Corn on the cob, hulled corn, peas, carrots, strawberries, etc., were raised; some of these vegetables used each day right out of the garden and the balance placed in deep freeze. 516 gallons of tomatoes were canned in one gallon cans; enough to take care of our needs all winter and practically to April 1st.

We are pleased to state that our per capita is low—\$9.82 per week for year 1949.

At this time, we wish to thank the County Commissioners and County Delegation members and Executive Board for their full co-operation throughout the year. Also the Farm physician, Clergymen and the various clubs and organizations who so generously contributed their time for the welfare and comfort of our people confined here.

In conclusion we wish to thank the personnel of Farm and Hospital who so willingly assisted us to carry on for the betterment of our institution.

Respectfully submitted,

LEON W. FLANDERS.

Superintendent.

BEATRICE M. FLANDERS,

Matron.

CHAPLAIN'S REPORT

December 31, 1949

To the Honorable Board of County Commissioners:

GENTLEMEN :

Another year has passed and the work of the chaplain has been a worthwhile activity.

The patients at the hospital and inmates at the farm have responded splendidly and particularly the inmates at the farm who seem to look for all the spiritual comfort we can possibly give them ;—a cheery word and friendly smile also help these people.

I have endeavored to meet their needs during the past year with constant visits to both institutions ; administered to the dying and gave comfort to our sick.

I feel very grateful for the full co-operation received from the officers and members of the staff, and also the Superintendent of Hospital, Mrs. Marion G. Lamy and Superintendent of Farm, Mr. Leon W. Flanders, who have made my task easier and have been very willing to help me at all times.

May God bring peace and bless every one and continue to be praised in the chapel filled on Sundays, and may this good work continue.

Respectfully submitted,

REV. RENE A. CONSTANT,
Chaplain.

CHAPLAIN'S REPORT

To the Honorable Board of County Commissioners:

GENTLEMEN :

I take pleasure in reporting on another year of activities as a Chaplain to the inmates and patients of the Farm and Hospital, and acknowledging the courteous co-operation extended to me by the officials and other personnel.

Periodic visits have been made and Chapel services held twice each month throughout the year. Christmas cheer was spread by a group singing carols throughout the institution's buildings on Christmas Eve. The ministry of hymn singing has been used effectively in bringing pleasure and relaxation of nervous tension. Prayer, the reading of the Holy Bible, and kindly counsel have also been administered with the view to bringing peace of mind to discouraged and disheartened persons. Such look forward to any word of cheer and often just a smile from someone coming in from the outside world.

I feel that the Chaplain's activity is of great value to our institutions, and my regret is that I do not have more time to give to this valuable work.

Respectfully submitted,

REV. BRUCE N. GARNSEY,
Protestant Chaplain.

COUNTY PHYSICIAN'S REPORT

April 20, 1950

To the Honorable Commissioners of Hillsborough County:

On August 1, 1949, an office was opened in the County Court House building for the care of county patients. Used equipment from the county hospital and the Court House was employed, keeping the cost at a bare minimum. At present the only important facility lacking is a lavatory. Urinalysis and adequate physical examinations cannot be done without the use of water. This should be corrected immediately.

The office hours are sufficient and no change will be made. There was a total of 180 patients seen during those five months, 86 were seen at home and 94 in the office. Many were seen more than once. There was an increase in the number of patients and more are being treated at home and in the office instead of sending them to the hospital. This, of course, requires more house calls and the use of more injectable solutions for the treatment of these home patients.

Respectfully submitted,

JEAN N. LECLERC, M. D.,
County Physician.

SUMMARY OF AGRICULTURAL WORK IN HILLSBOROUGH COUNTY IN 1949

Edward Comerford acted as assistant agricultural agent throughout the year 1949. He worked with dairy cattle, sheep and beef cattle, forage crops, pasture improvement and remodeling of farm buildings, particularly barns. Mr. Comerford helped supervise the Dairy Herd Improvement Association Work and the two breeding circuits in the county. He attended the monthly meetings of the Production and Marketing Administration.

The agricultural agent, Everett Pierce, concentrated on work with poultry, fruit and commercial vegetables. He acted as secretary of the Soil Conservation Service as required by law. He is also office manager at the Extension Service Office, Post Office Building, Milford.

POULTRY

Meetings were held at New Ipswich, Milford and South Weare on January 4, 5 and 6. A veterinarian from the University described poultry diseases in detail at each of these meetings and gave specific directions for vaccinating birds for Newcastle disease. The agricultural engineer from the University gave instructions at each of the meetings on the use of soil heating cable for making water pipes in poultry houses frost-proof.

Due to the danger of spreading disease, the poultry committee advised us not to hold meetings at farms. This restricted us to holding them in halls, particularly during the fall and winter months.

On November 3, a county-wide meeting was held at the Town Hall in Milford. Six poultrymen and the Extension Poultryman from the University of New Hampshire took

part in a panel discussion on management and housing problems. Dr. George Faddoul, veterinarian, University of New Hampshire, spoke on the poultry diseases, Blue Comb and Fowl Typhoid, giving information on control methods. Two hundred poultrymen attended the meeting.

Special letters were sent to poultrymen during the year about the control of Blue Comb and Fowl Typhoid.

Numerous visits were made to poultrymen to advise on management, remodeling, building houses, etc.

FRUIT

A county-wide fruit meeting was held at Wilton on February 24. Talks were given by several specialists from the University of New Hampshire on the control of insects and plant diseases. Dr. A. B. Burrell of Cornell University spoke on "Producing Fruit for Profit." There was also a panel discussion on spraying and dusting programs in which six fruit growers took part. Two hundred fruit growers attended the meeting.

Orchard meetings were held as follows: Philip Heald's orchard at Wilton, April 20, demonstration of new type liquid duster; attendance 75. Joint twilight orchard meeting with Middlesex County, Mass., at Donald Priest's orchard, Groton, inspection of orchard and spray equipment, talks by specialists from Massachusetts and New Hampshire; attendance 175. Joint twilight orchard meeting with Worcester County, Mass., at Henry LaPierre & Son's orchard in Greenfield on June 8, inspection of orchard equipment and talks by specialists from Massachusetts and New Hampshire; attendance 150. Twilight orchard meeting at Richard Walker's farm in Hollis on June 29, inspection of orchard equipment and talks by specialists from the University of New Hampshire; attendance 75.

Numerous orchard visits were made to advise on pruning, fertilizing, identification of pests, spraying, etc.

BLUEBERRY GROWING

A state blueberry tour was held at Lyndeboro and New Ipswich on July 1. Dr. Perry Joslin's 200-acre blueberry pasture in Lyndeboro was visited and Emil Koivula's blueberry pasture in New Ipswich. Talks on the growing and marketing of blueberries were given by several people at the noon stop on the grounds of Appleton Academy at New Ipswich.

VEGETABLE GROWING

After holding meetings and visiting farms to explain the project, a number of our farmers contracted to grow pickling cucumbers and green tomatoes for a pickling concern in Boston. 309,478 pounds of pickling cucumbers were grown in the county in 1949 for which the growers received \$7,033.95; 5511 bushels of green tomatoes were grown which brought the farmers \$5,472.00.

A potato grower from Aroostook County, Maine, purchased a farm in Milford early in the year and grew 47 acres of potatoes. His yield on his best three acres of land was 563 bushels per acre.

DAIRY HERD IMPROVEMENT ASSOCIATION

Much time was spent during the year supervising Dairy Herd Improvement Association work. The milk from 1200 cows was tested for butterfat, and production records were taken, on 38 farms during the year.

ARTIFICIAL BREEDING

Both the Nashua and Peterborough units of the Breeding Association have continued to expand both as to the farmers co-operating and the number of cows enrolled. This program is doing much to improve the quality of the dairy cattle raised on our farms.

HILLSBOROUGH COUNTY JAIL

GREEN PASTURES PROGRAM

Ninety-two farms were enrolled in this program in 1949. The colored motion picture film which Mr. Comerford and Mr. Bamberg took on four of our dairy farms in 1948, was shown at a number of the meetings during the winter. This film shows various phases of pasture management.

Farmers taking part in this program and those who judged the different pastures received much information and inspiration out of the contest.

Meetings on growing hay, silage and other roughage crops were held at Peterborough, Nashua and Goffstown during the winter.

Mr. Comerford helped a number of farmers in the county with plans for remodeling barns or putting up new barns.

HERD HEALTH PROGRAM

A meeting on herd health was held in Milford on February 21 with 165 dairymen attending. Veterinarians, Dr. F. L. Clark of Nashua, Dr. F. F. Tenney of Peterborough, and state veterinarian, Dr. R. W. Smith of Concord, spoke on different animal diseases. Dr. H. A. Keener, University of New Hampshire, talked on cobalt deficiency, and Hilton Boynton, Extension Dairymen, on herd health.

LAMB PROJECT

Mr. Comerford helped with the 4-H lamb clubs in the county, giving individual and group instruction on care of lambs and sheep. One 4-H club boy, David Wood of Deer-
ing, had one of the three champion lambs at the New England 4-H Lamb Show at Worcester, Mass., in January.

VETERANS' ADMINISTRATION

Both Mr. Comerford and Mr. Pierce acted as members of the advisory committee for veterans on-the-farm training schools at Nashua, New Boston and Weare.

TRAINEE FROM URUGUAY

Santiago Antuna, a trainee from Uruguay, was in Hillsborough County for six weeks during the summer studying our Extension Service set-up. Mr. Antuna has charge of Extension work in Uruguay and wanted to learn first-hand just how the work is conducted in this country.

SOIL TESTING WORK

Two hundred and eighty-seven soil samples were taken either by the Extension Agents or by farmers or gardeners. These samples were tested at the Agricultural Chemistry Department, University of New Hampshire. The analysis was sent to the Agricultural Agents at Milford who in turn made recommendations as to the amount and kind of lime and fertilizer to be used for the crop to be grown on the given piece of land. A substantial number of these soil samples were from gardens in Manchester and Nashua.

Respectfully submitted,

EVERETT W. PIERCE,
County Agricultural Agent.

HOME DEMONSTRATION WORK IN HILLSBOROUGH COUNTY IN 1949

A LOOK BACK AND A GLANCE FORWARD

Looking back over the year, I am impressed by the tremendous activity of our project leaders. Their responsibility in attending training schools and holding local meetings is most gratifying. Their willingness to go to neighboring communities to teach projects which their leaders missed is also a great source of satisfaction. In one or two instances they have gone into other counties to teach.

The local leaders did the best job of program planning this year in the history of our Extension Work. Twenty-three programs came in just from a letter and a copy of the county program. Four new groups have been organized by request this fall and all are holding regular monthly meetings and all have had leaders in to one or more training schools this fall. A fifth group is organized and has had the Christmas Box and have a date for a slip cover meeting but haven't made out a complete program yet.

Total number of groups with active programs—27.

It looks like an active and challenging year in 1950.

COMMENTS OF WOMEN

I think a great deal of Extension Work and feel that we have benefitted a great deal as a family and as far as myself goes, I feel that I have had practical Home Economics training through the years which has kept me up to date. I feel that our interest in the work has borne fruit as two of our family are in the work.—Gertrude Garland, Pelham.

* * * *

Although I have not been able to attend the meetings because of illness in my family, I have derived a great deal of

good from them through the women who did attend. I'm sure every woman in Hollis enjoys and appreciates the Extension Service.—Emma Lovejoy, Hollis.

* * * *

Enjoy the meetings so much. They keep me up to date on the new things in all homemaking lines. I especially enjoy the new recipes and making articles for our own use and gifts such as felt bags, Swedish weaving. Hope to learn about aluminum trays later.—Mrs. Harold Taylor, Milford.

* * * *

I read every word of all those sheets and could not check a single one but I do want Washington to know that I feel you are still needed "on your job." The women the age I was when you first had me in your classes seem to feel they are getting a lot out of your instruction.—Gertrude Merrill, Peterborough.

* * * *

I haven't been to many of your meetings but whenever I could I have always found much of value either to myself or for our younger families just starting homes. I am looking forward to meetings on "Quick Breads," "Serving Short Cuts," "Desserts," etc.—Mrs. Ruth Bowley, Milford.

* * * *

I have loved the classes I have been able to attend, such as aluminum trays and felt bags, and feel well repaid and look forward to further instruction. Best regards and a heart full of gratitude for your help.—Luella Follansbee, Bedford.

* * * *

I am unable to fill out the form but would like to tell you what a wonderful job I think the Extension Service is doing. I have only been to one of the meetings, the one which taught textile painting, and if this is a sample of what is being done, that is good enough for me. May I say again that you are doing a wonderful job.—Alice Taylor, Hollis.

SUMMARY OF 4-H CLUB WORK FOR 1949

There were 765 4-H club members enrolled in 58 4-H clubs in Hillsborough County during 1949. These club members completed 1093 4-H projects in home economics and agriculture.

One hundred and thirty eight (138) club members attended camp at Bear Hill Pond Camp—the 4-H camp at Allentown, New Hampshire.

Eighty-two (82) adult volunteer local leaders and sixty-six (66) junior leaders carried out the 4-H program during the year.

There were 485 exhibits of 4-H project work at the annual 4-H Fair held in Hollis, New Hampshire, September 3rd.

An Advisory Council made up of 21 interested persons throughout the county meet regularly and function in an advisory capacity to the 4-H club agents.

This council is sub-divided into committees; such as, Organization and Membership Committee, Senior 4-H and Older Youth Committee and Various activities committees, that take an active part in planning and carrying out the 4-H program in the county.

At the January meeting of the 4-H Advisory Council a goal of 900 club members and a corresponding increase in the number of clubs was suggested.

A complete copy of the annual statistical and narrative reports are available at the Extension Service Office, Post Office Building, Milford, N. H., and at the County Commissioner's Office in Manchester. Any comments or suggestions concerning 4-H club work in Hillsborough County will be welcomed by the club agents.

Respectfully submitted,

KARL P. BAMBERG,
County Club Agent.

SUMMARY OF COUNTY FORESTRY WORK FOR 1949

Forestry or the management of woodland is still a rather young business. The transition from "cut out and get out" lumbering practices to good management practices is fairly slow but more and more small woodland owners are realizing that their woodlots are not just an area of land covered with trees but an area of cropland that requires, essentially, the same management practices as other crops, such as hay, corn, or potatoes. Owners are realizing that the growing of trees requires the same basic improvement practices to assure maximum yields—planting, weeding, releasing, and thinning.

During the last year much assistance has been given to the woodland owners of the county. A typical request from a woodland owner usually arises from his beginning interest in the management of his woodland. He may have read some article which has aroused his interest or he may have observed what some neighbor is doing with his woodlot. A visit results in looking over the woodlot with the owner and while going through his woods, pointing out to him where the various improvement practices can be applied now or a few years hence. Many of the woodlot owners want information on cutting practices. They want some lumber for repairs, new buildings, or they wish to sell such products from their woodlots as saw logs, cordwood, poles, posts, pulpwood, or Christmas trees. With the owner's help, inferior or mature trees are marked for cutting with the idea in mind of always improving the stand and at the same time leaving it in a good productive condition.

Marketing assistance is also given to woodland owners who wish to sell their forest products. Lists of stumpage buyers,

lumber operators, pulpwood buyers, and others are available to woodlot owners. An industry survey is made every year in order to contact all markets for saw logs, bolts, pulpwood, poles, and other forest products.

During the last year approximately 200 woodland owners were visited and an aggregate of 15,000 acres of woodland surveyed. 900,000 board feet of timber was marked for cutting under improved cutting practices and 800,000 board feet of lumber was cut from marked and unmarked stands where assistance had been given the owners and good cutting practices had been followed.

With regard to the new Timber Tax Law, much work was done with the Forest Advisory Boards in preparing the minimum cutting standards. With emphasis on timber as our greatest natural resource and the importance of timber to the general welfare, it is foreseen that more woodland owners will be requesting assistance for better management practice in their woodlots.

Respectfully submitted,

ROBERT W. BRECK,
County Forester.

Mr. O'Brien, County Sheriff, asked for \$25,000.00 for running expenses of the Jail on Valley Street, plus \$4,128.00 for new construction, heating plant, etc.

APPROPRIATION FOR HILLSBOROUGH COUNTY JAIL

*To the Honorable Executive Delegation and
Commissioners:*

At this time I am asking for \$25,000.00 per year as an appropriation for the coming two years.

The reasons are as follows:

A ten per cent increase for help with the anticipation of adding another man. Wages at this time for men are \$1,300.00 and with a ten per cent increase it will be \$1,430.00 per man.

Last Administration I ran short of my appropriation. I had to use most of the money for food, minor up-keep, painting, and repairs. There is still much interior and exterior decorating to be done on the office and house part of the Jail.

There is also need for a new mugging camera to take pictures of prisoners for the records of the institution.

The women's department is in great need of decorating and repairs and new mattresses must also be added.

I feel all this is necessary and will have to be done at this time.

I have prisoners from other Counties which have been sent here by Superior Courts of those Counties. At the time, Rockingham County Jail was closed for about two months' repairs, but finding it hard to get fixtures, they lingered longer and finally decided not to fix the Jail. All this time the care and board for those prisoners was set at one dollar (\$1.00) per day, but this year they have been notified that starting January 1, 1949, the rate would be \$1.25 per day for the care and board of these prisoners.

There is also need for some work to be done in the boiler room in order to set in a new boiler. It must be filled in and cemented over.

HILLSBOROUGH COUNTY JAIL

SPECIAL APPROPRIATION

Last year on a special appropriation I took care of the water system at the Jail. The fences are not yet taken care of, but I have bought supplies and some lumber for forms which cost me \$153.50 leaving me with a balance of \$396.50 with which I intend to finish it, using Jail labor.

For a new boiler I asked \$2,250.00 and later I asked for an appropriation for a tank, \$1,000.00, making \$3,250.00 which I still have towards boiler and tank. I sent out bids both years and got no response on them until a friend of mine contacted Mr. Stevens and they did send a man down who gave me a figure way over my appropriation so I had the old boiler repaired by having a large patch put on costing \$150.00.

This year I received an estimate on figures from the Stevens Plumbing Co., referred to above.

They are as follows:

Boiler with oil burner for No. 5 oil—installed	\$4,878.00
Same boiler with burner for No. 3 oil	4,078.00
Same boiler with stoker	3,288.00
Hand fire burner with different heating unit . .	3,300.00
10,000 gallon oil tank in ground	1,500.00

The boiler I think is the most appropriate for the Jail is the first mentioned, estimated at \$4,878.00. This would make a difference of \$2,628.00. I have \$2,250.00 already. On the tank there would be a difference of \$500.00 which all would mean a difference in the appropriation of \$3,128.00.

For the laundry boiler I would like to have \$1,000.00. This boiler is an old upright steam boiler and badly needs replacing.

This would be a total of extra appropriations \$4,128.00

Mr. Flanders, Supt. of County Farm, presented his budget as attached, asking for \$212,545.00 for 1949 and \$209,370.00 for 1950, a cut of approximately \$30,000.00 under the 1948 budget.
